Managing Trauma
Out of Home Care
Indigenous Recordkeeping and Archives

 Australian Society of Archivists

MANAGING TRAUMA
Designed to support archivists and archival institutions in providing a safe and supportive environment for all who interact with archives. It covers the three areas of trauma-informed practice, trauma-informed archival practice and vicarious trauma.

OUT OF HOME CARE
A toolkit to assist anyone holding the records of out-of-home care in understanding their significance and the recommendations from the recently-concluded Royal Commission into Institutional Responses to Child Sexual Abuse, and most importantly providing access to records for people who grew up in out-of-home care and their families.

INDIGENOUS RECORDKEEPING & ARCHIVES
A toolkit designed to support archivists and archival institutions in understanding the distinct requirements of Indigenous Recordkeeping and Archiving and the importance of cultural competency and community consultation in relation to building engagement and advocacy for Indigenous Recordkeeping programs.

A members-only introductory price will be available to all ASA members.
