Commentary

The meticulous preservation of digital records concerning human rights abuses is a vital enterprise, one that both safeguards the truth and holds the potential for accountability in the future.

Digital archives have revolutionized the way we store and access historical data, such as the records of Upcountry Tamil in Sri Lanka and the accounts of damages to archives and cultural heritage in Gaza ("Survey and Digital Preservation of Upcountry Tamil Archival Records" and "Israeli Damage to Archives"). These archives serve not only as repositories of cultural heritage but also as critical evidence of human rights violations.

The advantages of digital archiving are manifold. They provide easier access, better preservation of fragile documents, and a democratization of information. Digital records are vulnerable to cyberattacks, data corruption, and obsolescence of technology, posing risks to the integrity of archives. The volume of data produced today is staggering, making the task of preservation all the more daunting.

The necessity for digital preservation in the realm of human rights cannot be overstated. Digital records, when properly maintained, can serve as irrefutable evidence in court cases, support the...
claims of marginalized communities, and ensure that atrocities are not forgotten in the collective memory.

Archivists and human rights defenders must navigate these complex waters with caution, ensuring robust cybersecurity measures, employing best practices in digital preservation, and advocating for the ethical stewardship of sensitive data. This proactive approach is not merely a technical endeavor but a moral imperative, one that underpins the quest for justice and the very essence of human dignity.

As the digital landscape evolves, so too must our strategies for preserving the digital testimony of humanity's triumphs and tribulations. It is incumbent upon us to ensure that these digital records are not only preserved for posterity but also protected as sacrosanct artifacts of our shared human experience.

Censorship

‘Little by little, the truth is being discovered’: the archive rescuing China’s forbidden films. A golden era of Chinese cinema was brought to a halt by Xi Jinping’s regime, but now, thousands of miles away, a rich world of banned documentaries and dramas is being studied and celebrated [Hawkins, Amy], 2024-02-20, The Guardian, [National News]

A platform tries to map the reduction of artistic freedom in Brazil. Art can cause strangeness, anger, sadness or joy; it all depends on who sees it. But although arousing emotion in the viewer is a characteristic of artistic endeavor, the themes of some exhibitions and works can lead to censorship and boycott. Brazil has been proof of that. [Chaigne, Thais], 2024-02-20, The Observers - France 24, [National News]

Slovakia excludes NGOs from disinformation fight. Robert Fico’s government is mulling the exclusion of NGOs in the government’s plans to fight disinformation, which plans to scrap the former “non-conceptual” action plan “with elements of politicisation”. [Silenská, Natália], 2024-02-12, www.euractiv.com, [National News]

Taylor Swift, the pope, Putin: in the age of AI and deepfakes, who do you trust? Rumours and gossip changed the course of French history. Now they’re weapons for ‘newsfluencers’ and dictators in the 21st-century information wars. [Hurst, Alexander], 2024-02-20, The Guardian, [International News]

Economic, Social and Cultural Rights

Does Portugal Have The Answer To Stopping Drug Overdose Deaths? Portugal treats addiction as an illness rather than a crime. No one has to pay for addiction care, and no one scrambles to navigate a poorly regulated recovery system. Could Portugal’s approach help the U-S fight its opioid epidemic? [Mann, Brian], 2024-02-20, [National News]

Survey and Digital Preservation of Upcountry Tamil Archival Records. The Upcountry (Hill Country) Tamils, are the descendants of nineteenth-century Indian laborers brought to Sri Lanka to work on the country's British-owned tea, coffee, and rubber plantations. The project aimed at demonstrating how a community that is built on indentured labour, colonial political economy, and exploitation remember, narrate, and archive itself [Modern Endangered Archives Program], 2024-02, UCLA Library, [National News]

Epidemic and pandemic

Pandemic Journaling Project Archive Opens for Research. Described as a form of ‘archival activism’, the Pandemic Journaling Project (PJP), comprising nearly 27,000 entries, provides a window into how the pandemic impacted individuals and communities around the world. [Murray, Mac], 2024-02-15, UConn Today, [International News]

Freedom of Expression

'Puzzle Women': Piecing together the files destroyed by East Germany's secret police - Reporters. Since the fall of the Berlin Wall in 1989, a team of archivists has been tirelessly sorting, pasting and reassembling documents that were destroyed by the Stasi, the East German secret police. Nicknamed the "Puzzle Women", these heroines of collective memory face the Herculean task of piecing together these files: the paper fragments are sometimes tiny, and the number of archivists is only a fraction of what would be required to complete the job without recourse to new technology. [Tonelli, Niagara], 2024-01-12, [National News]

Forbidden Stories continues work of imprisoned Azerbaijani journalists. In the run-up to the presidential election on February 7 2024, repression intensified in Azerbaijan, a former Soviet republic in the Caucasus bordering Iran and Armenia. Any opposition to President Ilham Aliyev is suppressed. Human rights activists, journalists and political opponents suffer the regime's wrath on a daily basis. [Langlois, Roméo; Chabour, Karina], 2024-02-02, France 24, [National News]

Hong Kong: Governments Should Oppose Security Bill. National governments should strongly oppose the Hong Kong government's introduction of so-called national security legislation, which will further devastate human rights protections in Hong Kong, civil society groups said today in a joint statement. [Human Rights Watch], 2024-02-19, Human Rights Watch, [National News]

La prohibición de libros en Surinam en un contexto mundial de libertad de expresión. La prohibición de publicar libros sobre corrupción en Surinam es más que un problema local: Es una llamada de atención mundial para defender la libertad de expresión y de prensa frente al autoritarismo. [Fausia S. Abdul], 2024-02-13, Global Voices en Español, [National News]

The Office of the Special Rapporteur condemns the violence against journalists in Honduras and calls on the State to protect and guarantee freedom of expression and freedom of the press. The Office of the Special Rapporteur for Freedom of Expression (SRFOE) of the Inter-American Commission on Human Rights (IACHR) condemns the murder of journalist Luis Alonso Teruel Vega, as well as the persistence of acts of violence against journalists and media outlets in Honduras and urges the State to protect and guarantee the right to freedom of expression and of the press, in accordance with Inter-American standards. [Inter-American Commission on Human Rights], 2024-02-15, Inter-American Commission on Human Rights (IACHR), [National News]

The Suriname book prohibition in a global context of free expression. Suriname's book ban on corruption exposure is more than a local issue; it's a global wake-up call for the defence of free speech and press freedom against authoritarianism. [Fausia S. Abdul], 2024-02-05, Global Voices, [National News]

Freedom of Information

'People are scared': Sweden's freedom of information laws lead to wave of deadly bombings. Online access to home addresses is a cherished right. But as gangs target rivals with ease, innocent victims are caught in the blasts [Bryant, Miranda], 2024-02-11, The Observer, [National News]
Ex-CIA software engineer sentenced to 40 years for giving secrets to WikiLeaks. Joshua Schulte, who prosecutors said was responsible for agency’s largest data breach, also guilty of possessing child abuse images [The Guardian], 2024-02-01, The Guardian, [National News]

---What is Tor and how does it advance human rights? Our right to privacy and open information online is more at risk than ever before. Governments use spyware to target human rights defenders and block entire websites that talk about human rights. In fact, Amnesty’s websites are completely blocked to people living in countries like Russia, Iran and China. [Amnesty International], 2024-02-01, Amnesty International, [International News]

Genocide

Germany rejects new negotiations over Namibia genocide. Berlin insists on implementing a controversial deal that recognizes the colonial-era genocide in Namibia. The plan draws strong criticism from politicians and some descendants of the victims, who demanded fresh talks. [Pelz, Daniel], 2022-02-09, DW, [National News]

Government

Authoritarianism and Civil Society in Asia. This book represents a pioneering interdisciplinary effort to analyze Asian civil society under authoritarianism, a regime type that is re-appearing or deepening after several decades of increased political liberalization. The approach is organized in four main themes: actions under political repression, transitions to democracy, uncivil society, political capture and legal control. [0], 2024-02-29, [International News]

Burkina Faso, Mali, and Niger Quit Regional Bloc. On January 28, the three military juntas in Burkina Faso, Mali, and Niger announced they would leave the Economic Community of West African States (ECOWAS), a move that would limit opportunities for their citizens to seek justice for human rights violations. [Allegrozzi, Ilaria], 2024-02-02, Human Rights Watch, [International News]

How governments handle data matters for inclusion. Governments can exclude certain groups of people in policies and services not only by the type of data they collect but also how they collect, store, analyze and use the data. [Ruijer, Erna; Porumbescu, Gregory; Piotrowski, Suzanne J.], 2024-02-23, The Conversation, [International News]

Human Rights

“We Will Find You”. The 46-page report, “‘We Will Find You’: A Global Look at How Governments Repress Nationals Abroad,” is a rights-centered analysis of how governments are targeting dissidents, activists, political opponents, and others living abroad. Human Rights Watch examined killings, removals, abductions and enforced disappearances, collective punishment of relatives, abuse of consular services, and digital attacks. The report also highlights governments’ targeting of women fleeing abuse, and government misuse of Interpol. [Sparks, Lily], 2024-02-22, Human Rights Watch, [International News]

Crime And Punishment In Communist Hungary. Hundreds of images made by police photographers in Budapest in the early 1970s have been released by the Hungarian photo archive Fortepan. Fortepan is a highly popular photo archive that draws from crowdsourced comments to glean information that is then verified, meaning further details of the images are likely to come to
light in the coming days and months. [Chapple, Amos], 2024-02-10, Radio Free Europe/Radio Liberty, [National News]

**From extradition risks to broader implications: Human rights expert breaks down Assange case.** Ahead of Julian Assange’s upcoming court hearing in the UK, where extradition to the US is a possibility, a UN independent human rights expert has expressed concern about the potential for severe rights violations against the WikiLeaks founder. Alice Jill Edwards cautions that the repercussions of this case could significantly influence global journalism and freedom of speech. **Ukraine War**

« Matriochka », la campagne de désinformation visant l’Ukraine - Info ou intox. Plusieurs internautes interpellent ces dernières semaines les médias occidentaux sur des informations douteuses, leur demandant de vérifier ces informations. Ces messages à répétition sont en fait une nouvelle campagne de désinformation anti-ukrainienne appelée "Matriochka". Elle vise à faire diversion auprès des médias occidentaux. [Paupe, Marc], 2024-02-09, [International News]

**Conference Call for Proposals | CFP: Ukranian Oral History Association.** Ukrainian Oral History Association (UOHA)—which unites, represents, and supports oral history scholars in Ukraine and abroad—is convening the international conference UOHA-2024 “Oral History in Wartime: Academic Knowledge and the Researcher’s Responsibility.” The conference will take place June 13-15, 2024. Applications for participation in the conference will be accepted until March 15, 2024 [Publishing in the Archives Profession], 2024-02-06, Publishing in the Archives Profession, [Events]

**War Crimes**

**Massaquoi affair: epilogue to a fiasco.** The Court of Appeal in Turku, Finland, has confirmed the acquittal of Gibril Massaquoi, accused of war crimes in Liberia. This is the end of a fiasco in which the Finnish judges twice avoided a miscarriage of justice. [Thierry Cruvellier], 2024-02-02, JusticeInfo.net, [National News]
New release of Rodal Report in commitment to transparency. New release of the Rodal Report, which was originally prepared in support of the Commission of Inquiry on War Criminals in Canada (the Deschênes Commission), established in 1985. This newly released version, following a request made under the Access to Information Act, reveals information that was previously withheld.

[Refugees and Citizenship Canada Immigration], 2024-02-01, [National News]

Ottawa declassifies more details from Rodal report on Nazi war criminals in Canada. The federal government has released previously classified details from a report that outlines the extent to which Canada provided a safe haven to former Nazis during the Cold War.
