HIGH-LEVEL VISION

Reinforce

Extend

Innovate

CONSULTATIVE AND COLLABORATIVE

CONSULTATIVE AND COLLABORATIVE

- Ensuring that the process for developing this vision is consultative and collaborative
- I will be speaking to the Elected Officials, Secretariat (core and enlarged), heads of branches and sections, along with other relevant stakeholders
- Co-created vision: Representative as possible of the views of the membership, along with their vision for the future of ICA

REINFORCE AND EXTEND

- Reinforcing and broadening our network in regards to the associations we involve ourselves with:
 - International Federation of Library Associations
 - Digital Preservation Coalition
 - iPres: International Conference on Digital Preservation
 - ARMA and IRMS
 - UNESCO
- Role of archives in accountability and transparency
 - Open Government Partnership and Open Data
 - Making the role of archives and records core to international initiatives

INNOVATE

- Recognising the changing nature of archival practice and what this means for the profession in digital:
 - Algorithmic accountability
 - Data science in archival practice
 - Transparency and audit in digital archival practice
 - New ways of making accessible the record, not being bounded by current paper methods accessibility
- Building capacity in low-resource environment
 - What does digital preservation on a shoestring look like?
 - Records Management both paper and digital
- Research and experimentation
 - Hackathons
 - Actively participating in research initiatives, spearheading our own research
