

Greetings to you all,

**Please save the date - 9 June in your diaries to celebrate International Archives Day 2017.**

International Archives Day is a wonderful opportunity to explain your work, raise the profile of a colleague and explain the important role that archives play in our society. I encourage you to [plan a celebration for the International Archives Day](#) under the theme **"Archives, Citizenship and Interculturalism"**.

Your celebration could include an exhibition, slide-show, film screening – the options are only limited by your imagination! To help you out, the ICA created a [Communication Kit](#) that you can use to personalize your posters, bookmarks and postcard.

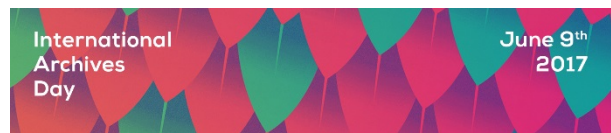

[Send us your customised posters](#) and the details of your event: these will be shown in [the World Map](#) of the ICA International Archives Day or highlighted in the site's news section. Do not miss this opportunity to present your work to a wide public!

Please don't forget to [share the photos of your celebration](#) with us, those shared last year provided a wonderful representation of our archivists and record managers' diversity and creativity.

I can't wait to see what you come up with!

A handwritten signature in black ink, which appears to read "David Fricker".

David Fricker  
President ICA

*Archives, Citizenship and Interculturalism*
